Disrupting the state-of-the-art

Current Practice

- Articles are published non-periodically
- The current team is not diverse enough

These are not to say that Vox Populi isn't an awesome student body.

My Proposals

- Be regular in publishing articles
- Diversify the team
- Increase inter student body collaborations

All these would make Vox Populi even more awesome.

Résumé

I think I would strike a match with Vox Populi going forward because *events* excite me and more so writing about those events.

Vox is in a *unique position* in the sense that we get to do the thing we love - observing and writing about happenings while also taking lead in a few domains like organizing Open House and bringing about positive change for the benefit of the community.

Beginning with bestowing upon me the responsibilities of an **Editor** I think together we can take Vox Populi to even greater heights and turn **Vision** into reality!
